evaluation them
wherever you are now.

LibGen is a unique
concept in the
category of eBooks, as
this Russia based
website is actually a
search engine that
helps you download
books and articles

Download File

PDF Chapter

Summaries For

related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.
