### **WHO | Latin America and the Caribbean**

The history of Latin America during World War II is important because of the significant economic, political, and military changes that occurred throughout much of the region as a result of the war. The war caused a lot of panic in Latin America over economics, because they depended on the European investment capital which was shut down. Latin America tried to stay neutral but the warring countries were endangering their neutrality. Most countries used propaganda to turn the neutral countries to

### **Latin America during World War II - Wikipedia**

Latin America consists of twenty sovereign states and several territories, and comprises 13% of the Earth's total land surface area. Latin America is comprised of all of the Portuguese-speaking and Spanish-speaking countries to the south of the United States, including Mexico, Brazil, Argentina, Venezuela, and Costa Rica.

Topical and up to date, Talons of the Eagle: Latin America, the United States, and the World, Fourth Edition, presents an eminent scholar's perspective on the interaction between global trends and inter-American affairs--a subject that has become crucially important in the current era. Rather than concentrating solely on U.S. policy, Peter H. Smith uniquely addresses the structural relationships between the two regions by focusing on international systems, the distribution of power, and the ...
